**Modernization Theory** - Wikipedia

The third wave of modernization is a term of periodization used by historians and political scientists to describe the history of political parties in the United States from the 1850s until the 1890s, which featured profound developments in issues of American nationalism, modernization, and race.

**Political parties in the United States from the 1850s until the 1890s, which featured profound developments in issues of American nationalism, modernization, and race.**

---

**First and Third Party System** - Wikipedia

The First and Third Party System model is a concept in American political science that divides the history of the American two-party system into two primary periods. The First Party System, lasting from the formation of the first political parties in the early 19th century to the mid-1850s, is characterized by two major political parties: the Democratic Party and the Whig Party. The Third Party System, lasting from the mid-1850s to the present, is characterized by the dominance of two major parties, the Democratic Party and the Republican Party, with third parties playing a minor role.
